PROFILE

Dedicated Java Full Stack Developer with a Bachelor's Degree in Computer Science. Proficient in Java, HTML, CSS, JavaScript, and frameworks like Bootstrap, Spring Boot, and Node.js. Experienced with MySQL, and version control using Git and GitHub. Skilled in building responsive, user-friendly web applications and implementing robust server-side logic. Strong problem-solving abilities and a passion for continuous learning and innovation.

TRAINEE AT INFOBEANS FOUNDATION

Information Technology Excellence Program (ITEP)   *2024-2025*

Acquired in-depth technical expertise across key development technologies like Java, HTML, CSS, Bootstrap, JavaScript, Git, GitHub, MySQL Workbench etc. , with over **200** hours of immersive coding and project application.
Completed **150+** hours of training in professional soft skills—focusing on stress management, effective presentation, teamwork, time management, and emotional intelligence through a couple of specialized sessions, along with hands-on activities to reinforce these skills.

PROJECTS

● **Supply Chain Management**
Spring Boot, MYSQL ,Postman, Spring Security

- Developed a Supply Chain Management system with three main roles: Admin, Customer, and Supplier.
- **Admin**: Manage customers, suppliers, products, and orders.
- **Customer**: Place and update orders, make payments, and view supplier details.
- **Supplier**: Manage orders, update delivery status, and view customer details.
- **Key Features**: Role-based access control using Spring Security, email notifications via MailSender, and REST APIs for system interactions.

● **CryptoRadarX**- **A complete ecosystem for crypto trading.**
React, Redux, Shadcn UI, Tailwind CSS, Spring Boot, Spring Security (JWT), REST API (CoinGecko), MySQL, Razorpay, Stripe

- **Real-time Crypto Data** – View live cryptocurrency prices, market cap, **24**-hour changes, and trade volume.
- **Top Market Insights** – Explore the Top **50** coins, top gainers, and trending assets with a single click.
- **Watchlist & Transactions** – Add cryptocurrencies to your watchlist or purchase them securely.
- **Secure Payments** – Integrated Razorpay & Stripe for seamless crypto purchases with error handling for insufficient balance.
- **Wallet System** – Add, withdraw, or transfer money, plus track transaction history.
- **Interactive Charts** – Visualize price trends with Chart.js for an enhanced user experience.
